HOLIDAYS H.W – WINTER BREAK

Mathematics – 5th class

I) Take the picture from maths text book page no 155 Save the Birds and find solutions for the below questions by using the picture.

- a) How many cm is the length of the boundary of lake A in the drawing?
_____ (use thread to find out)
- b) What is the length of the boundary of lake B in the drawing?
- c) How many kilometers long is the actual boundary of lake A ?
- d) How many kilometers long is the actual boundary of lake B?
- e) A longer boundary around the lake will help more birds to lay their eggs. So which lake should be kept for birds? Which lake should be used for boats?
- f) Find the area of lake B on the drawing in square cm. What is its actual area in square km?

II) Find the area and perimeter of your maths text book.
